GRAND MARIAS NOW ON FIRE

Minnesota Town Is Threatened
With Destruction.

LITTLE HOPE OF SAVING IT

City Has No System of Water Works
and Is Almost Without Fire Protection—Rain Alone Will Save Other
Settlements That Are in Peril of
the Flames.

+++++
Duluth, Sept. 12.—The town of
Grand Marais now is on fire. Lat-
est reports say the fire has over-
whelmed the fighters and the out-
skirts of the town are on fire.
The town appears to be doomed
and it is feared that soon the
1,500 people will be homeless.
+++++

Duluth, Sept. 12.—Unless a heavy
rain falls within the next forty-eight
hours there is no power on earth to
prevent the total destruction of every
town on the north shore of Lake Su-
perior in Cook county. This fact is
admitted by everyone who has become
familiar with existing conditions.

No rain has fallen in this district
since July 10 and everything in the
woods is as dry as parchment. All of
the many valuable tracts of white and
Norway pine in this district have al-
ready been or are being rapidly
devastated by the flames and great
walls of fire with a heavy land wind
behind them are slowly eating their
way into the settlements.

Wild-eyed and shaking with fear,
the inhabitants are gathered along the
shore hoping against hope that the
wind will change, praying for rain,
but prepared to take to the lake in
small craft should the worst come.
Within less than two miles of Grand
Marais there is at present in flames
a tract of spruce and brush over three
miles in length. A strong land breeze
from the northwest is shooting the fire
along the outskirts of the town, giving
the village a lease of life. Any
change in the wind will mean prompt
destruction to the place, but unless a
drenching rain comes soon the flames
will reach the town no matter in
which direction the wind is. Grand
Marais has no system of water works
and the town is without any fire pro-
tection with the exception of two
dinky chemical engines, which throw
a stream about the size of the ordi-
nary garden hose.

May Be Wiped Off the Map.

Conditions at the Pigeon River In-
dian reservation, Big Bay, Chicago
Bay, Cascade, Cofton and Lutsen are
similar to those existing at Grand
Marais, only worse. All of them stand
a strong chance of being literally
wiped off the map.

The sending of the United States
ship Gopher with a crew of eighty-
one men to this unfortunate section
was responsible for the saving of at
least ten lives and probably more.
The cheer which the presence of the
cruiser brought to the residents can
better be imagined than described.
The boat reached Grand Marais
Wednesday morning and Adjutant
General Wood of St. Paul, who is in
charge of the cruiser, accompanied
Captain Eaton and went ashore to
consult with the citizens and get an
idea of conditions. Fire at that time
was raging back of the town, but the
wind was carrying the smoke and
sparks outside the danger line.

Acting on the advice of Sheriff
Carhart of Cook county, Adjutant
General Wood ordered the Gopher to
sail for the Pigeon River Indian re-
servation, where it was said conditions
were very serious. On the way up
Adjutant General Wood, Captain Eaton
and a reporter went ashore. This lit-
tle settlement was crowded with wo-
men and children who had been
driven in from the back woods by the
heat, smoke and fire. The men of the
village believed that the danger was
not very great and they were loath
to send anybody aboard the ship. Gen-
eral Wood told the men that they
could shift for themselves, but that
the Gopher would be back at Chicago
Bay in less than two hours and that
when it did return he wanted to have
every woman and child in the hamlet
ready to embark.

Took Charge of Women and Children.

"You men can do what you think
best, but we will take charge of the
women and children," said General
Wood. "This is final and the order
must be obeyed."

The wisdom of the general's advice
began to dawn on the Chicago Bay
men and after a few minutes' reflec-
tion they decided to follow his orders.
About three miles further up the
shore lies a little settlement which is

practically all owned by a man named
A. C. Carlson. The place is called
Big Bay. It was here that the cru-
ising party witnessed a spectacle which
they will never forget as long as they
live. Huddled along the shore were
several men, one woman and eight
little children waiting to go out into
the lake in a small rowboat. The fire
was close on them and they would
not have been able to remain on land
longer than an hour at the most.
The Gopher's boats were lowered
and the woman, whose name is Mrs.
Jacob Peterson, came aboard with
her eight children, also a hired man
employed by Peterson. Carlson and
two other men remained in their lit-
tle rowboat just off shore, saying that
they would stay until they were
forced to leave. From Big Bay could
be seen great clouds of smoke rolling
out over the lake and great sheets of
fire burning brightly. General Wood
inquired if the residents had got
away and he was advised that they
had.

The refugees from Big Bay, Chic-
ago Bay and the Pigeon River Indian
reservation have been taken to Grand
Marais by the Gopher. The outskirts
of Grand Marais were on fire Thurs-
day night and several buildings were
burned in Chippewa town, an Indian
suburb. The steamer America has
left to take on board refugees from
Beaver Bay, which was reported to
be on fire, the citizens having ap-
pealed to Governor Johnson for aid.
They will be taken to Port Arthur.

Many fires are raging in the interior
of Lake county and it is reported that
several families have been wiped out
but the rumors cannot be confirmed
until the refugees from the burned
districts arrive at Two Harbors.
Thousands of acres of standing tim-
ber have been burned and the fires
are burning over a wide area un-
checked.

DREYFUS CASE NOW A CLOSED INCIDENT

Buried Beyond All Possibility
of Resurrection.

Paris, Sept. 12.—With the acquittal
by a jury in the Assize court of Louis
A. Gregori, who fired upon Major
Dreyfus during the ceremonies last
June incident to the placing of the
body of Emile Zola in the Pantheon,
the Dreyfus affair, which has divided
France into two camps for the past
twelve years, may be said to have
been buried beyond all possibility of
resurrection.

The government, it was evident
from the remarks of the advocate
general in the summing up, did not
want a severe sentence which would
make a martyr of M. Gregori, but
merely a correctional sentence, which
would allow the matter to die out. It
was generally anticipated that the

MAJOR DREYFUS.

court would condemn Gregori to six
months' imprisonment, and his com-
plete acquittal partook of the nature
of an anti-climax. Those present in
the courtroom gave vent to their feel-
ings according to their political views
and the courtroom resounded with
mingled hoots and cheers. The presi-
dent of the court, however, soon
quelled the disturbance by ordering
the courtroom cleared. An attempt
was made to start a manifestation out-
side the building, but this also was
frustrated by the police.

Hold-Up Man Killed.

Omaha, Sept. 12.—An unidentified
man was shot and instantly killed in
W. A. Atkins' saloon while attempt-
ing to hold up the bartender, F. W.
Burns.

JUDGE TAFT TO VISIT THE WEST

Speechmaking Tour Will Take
in at Least Six States.

DETAILS NOT YET ARRANGED

But National Committee Will Decide
Upon Itinerary—Demand From Va-
rious Sections to Hear Republican
Candidate Is So Great That Chair-
man Hitchcock Is in a Quandary.

Cincinnati, Sept. 12.—Judge W. H.
Taft's first speechmaking trip will be
through the West. A. I. Vorys has
left here for New York to personally
represent the presidential candidate
before the national committee in ar-
ranging this trip, which will take in
at least the states of Missouri, Kan-
sas, Nebraska, Iowa, Illinois and In-
diana.

Two other trips are being planned,
one through the Eastern states and
another through a number of Southern
states. These, however, will not be
worked out until the Western journey
has been arranged.

Judge Taft and National Chairman
Hitchcock had an extended conference
over the long distance telephone, the
result of which was the hurried de-
parture of Mr. Vorys for New York.
"Mr. Vorys, having been with me for
some time, knows exactly my ideas
concerning this trip," Judge Taft ex-
plained, "and it was regarded as more
satisfactory that he should go to New
York and take up the details of the
trip with the committee. He will bring
back with him, probably Sunday, the
result of the committee's decision."

It was stated that Mr. Vorys took
with him no specific recommendations
from the candidate. Mr. Taft gave it
as his opinion that his Western trip
would not extend as far west as the
coast, although he was not certain
about it. Mr. Vorys will also confer
while in New York with John Hays
Hammond regarding the work of the
National League of Republican clubs,
of which Mr. Hammond is president.

GREAT DEMAND FOR TAFT

Chairman Hitchcock Having Trouble
Arranging Satisfactory Itinerary.

New York, Sept. 12.—Since the an-
nouncement that Mr. Taft would make
a number of speaking trips during the
campaign, the demand for him has
been so great that Chairman Hitch-
cock of the Republican national com-
mittee is having difficulty in arrang-
ing a satisfactory itinerary. Practi-
cally every state wants him and it
is possible that before the campaign
closes he may swing around a circuit,
speaking in every state where the re-
sult is not a foregone conclusion.

It has been planned that Mr. Taft
should leave Cincinnati about Oct. 1,
but that date has now been advanced
about a week, although the day of de-
parture has not been fixed definitely.
The first week of his speaking en-
gagements will be given over to the
Middle West and after that he may
go to the inter-mountain country. The
last week of the campaign, according
to the present intentions of his cam-
paign managers, will be spent by Mr.
Taft in New York and other Eastern
states.

The itinerary for the first week of
Mr. Taft's trip will be made up in
Chicago at a conference to be held
there on Monday next between Mr.
Hitchcock and Senator Dixon, director
of the speakers' bureau for the West.

RACE AT CONEY ISLAND.

High-Power Automobiles in a Twenty-
four-Hour Contest.

New York, Sept. 12.—Under the
glare of searchlights and watched by
20,000 persons, eleven high-power rac-
ing automobiles, driven by the most
daring drivers in the world, started
on a twenty-four-hour race around the
little saucer-shaped track on Coney
Island. Every inch of the journey is
fraught with peril to the drivers and
soon after the start there was one
serious accident, Sartori, a French
driver, being badly hurt and his
mechanician painfully injured.

President Roosevelt gave the signal
to start the race by telephone from
his home in Oyster Bay and the
eleven cars darted away on their dan-
gerous journey. As soon as the race
was well under way the searchlights
were arranged so that they would
illuminate every part of the track.

Fires Burning Themselves Out.

Port Arthur, Ont., Sept. 12.—Bush
fires in the neighborhood appear to be
burning themselves out. Indications
are that if the wind does come up
again little more damage will be done.
Some fears are entertained for the
people on Isle Royale, where big fires
are said to be burning.

GRAVES IS NOTIFIED.

Informed of His Nomination for Vice
President by Independence Party.

Atlanta, Ga., Sept. 12.—Two thou-
sand persons listened to the formal
notification of John Temple Graves as
nominee of the Independence party for
vice president of the United States at
the Casino theater. Presidential
Nominee Hisgen, William Randolph
Hearst and a score of other prominent
men in the party were on the platform,
while Mr. Graves was given an ova-
tion.

Cheer after cheer and handclapping
gave Mr. Hearst, Mr. Hisgen and Mr.
Graves a welcome.

Edward E. Clapp opened the meet-
ing, introducing Clarence J. Shearn of
New York.

Shearn in the course of his speech
took occasion to criticize Joseph M.
Brown, nominee for governor of Geor-
gia, with a resulting fifty seconds of
cheering. The mention of Hisgen's
name was given a similar reception.
When the name of Vancey Carter, In-
dependence league candidate for gov-
ernor, came into the speech there was
more cheering, the climax coming
with the mention of Colonel Graves.
While the band played "Dixie," the
2,000 persons in and about the hall
cheered until Graves stopped them by
raising his hand for quiet. Mr. Graves
then delivered his speech of accep-
tance.

William Randolph Hearst was re-
ceived with cheers. Mr. Hearst start-
ed his address by explaining his leav-
ing the Democratic party. He de-
clared if William J. Bryan was sin-
cere, he should not have approached
him four months ago with the propo-
sition to support him (W. J. Bryan) in
the campaign and he (Bryan) would
support him (Hearst) in the next cam-
paign.

When Thomas L. Hisgen was intro-
duced the audience went wild with
enthusiasm. The presidential candi-
date talked about thirty minutes and
was frequently interrupted by ap-
plause.

MAKES ANOTHER RECORD FLIGHT

Orville Wright Surpasses His
Previous Exploits.

Washington, Sept. 12.—In a flight
lasting 1 hour, 10 minutes and 26 sec-
onds, Orville Wright surpassed all
his previous exploits for a time and
distance flight for a heavier-than-air
machine. Two flights were made at
Fort Myer, the first being of 10 min-
utes and 50 seconds duration, for the
purpose of showing what rate of speed
he had been traveling during his long
flights of the past three days. The
test demonstrated, according to the
aviator's calculations, that the speed
of the aeroplane during the record-
breaking flights of Wednesday and
Thursday was 39.55 miles an hour.

Before making the first flight Mr.
Wright said:

"I want to make a flight of about
ten minutes in order to see how my
present speed compares with what I
made at Kittyhawk, N. C. I have a
time and distance apparatus attached
to the aeroplane, but as it registers
only ten kilometers without repeating,
I have to make a short flight in order
to determine the speed at which the
machine travels through the air."

The aeroplane made nine rounds of
the drill grounds, and then, landing
within a few feet of the 1,000 or more
spectators, Mr. Wright computed the
speed of his record-breaking flights.

As finally computed the speed was
announced as 39.55 miles an hour.

To those who have witnessed Mr.
Wright's flights from the beginning,
the results, marvelous as they are,
are now regarded as a matter of
course, but the majority of those who
witnessed the long flight were roused
to great enthusiasm when the aviator
for the third successive day broke his
best previous record. Fifty-seven
times the machine passed over the
starting point during the 70 minutes
and 26 seconds that it was up. Twice
the aviator described the figure
eight, showing for the first time dur-
ing his Fort Myer flights, that he
could control his machine in any di-
rection. A feature of the landing was
that he did not stop the motor until
the machine touched the ground.

Brutal Murder Revealed.

New York, Sept. 12.—A murder, at-
tended by unusually brutal features,
was revealed when the police broke
into a padlocked apartment in Forty-
fifth street and discovered the bound
and gagged body of Mrs. Anna Mauro,
a pretty Italian woman, twenty-two
years old. There was evidence that
the woman had been struck down,
bound and gagged and then strangled
to death. David Mauro, the youthful
husband of the murdered woman, is
missing.

To Stout Women— A garment exclusively for you

The "shapeless stout woman" is getting scarce.
She has found a remedy in the famous Nemo "Self-
Reducing" corset. It "makes over" your figure,
giving you a better shape than you ever had or ever
expected to have; and reduces your abdomen so
effectually that you can "take in" your skirts at
least three or four inches.

There is a Self-Reducing Corset in a model for
every type of stout woman—tall and stout, short and
stout or just "fat."

These corsets sell for \$3.00.
Every Nemo Corset is made with the Nemo
"Triple-Strip Re-enforcement"—bones and steels
cannot cut through.

MANY NEW CASES.

Cholera Epidemic at St. Petersburg
Still Spreading.

St. Petersburg, Sept. 12.—An of-
ficial statement of the cholera situation
in St. Petersburg shows that there
were 58 new cases and 8 deaths from
the disease, and that there are 107
patients in hospitals ill with it.

Kicked to Death by Horses.

Minneapolis, Sept. 12.—Brutally
kicked and maimed by the iron-shod
hoofs of two horses, Erick Okergren,
thought to be a resident of Minneap-
olis, was killed near Bass lake, on the
road from Monticello, where he had
been working in a grading crew. He
was leading one horse and riding an-
other and fell from his horse and was
trampled upon and kicked to death by
the animals.

Little Further Danger Exists.

Bay City, Mich., Sept. 12.—Reports
from the flame-swept section north of
Bay City are to the effect that the
fires in the woods and swamps are
burning out and that little further
danger exists. The wind shifted to
the northeast, driving the fire back
over ground it had already covered.
There has been a slight fall of rain
in the fire district.

Farmer Commits Suicide.

Clinton, Ia., Sept. 12.—Crazed by
ill health Burton Smith, a wealthy
farmer, committed suicide by hanging
himself in a hay mow.

WON THE VERDICT.

The Jury Did Its Best to Make Good
Uncle Sam's Word.

General Tom Edgar, the first white
child born on Galveston Island (his
birthday was in June, 1837), once nar-
rated his experience as a juror in the
case of a negro on trial for stealing a
mule. It was in 1865, while United
States soldiers were still in charge at
Galveston. The negro pleaded not
guilty, but the testimony was pretty
clear against him. His lawyer, ignor-
ing the testimony, based his defense
upon the assertion that the negro
could not possibly be guilty.

"Is it not a fact," he said, "that the
federal government promised to every
freed man two mules and sixty acres
of land? No man can deny it, because
it is a fact. My client has not receiv-
ed his promised sixty acres of land.
He has not received his promised span
of mules. He has indeed got but one
mule, as these witnesses have testified,
and the United States still owes him
another mule and sixty acres of land.
I leave it to you, gentlemen," he said,
turning to the jury, "if the facts do
not prove conclusively that my client
is not guilty of stealing this mule and
cannot under the circumstances have
been guilty."

"That argument," said General Ed-
gar, "tickled us so that we actually
returned a verdict of not guilty. I
don't believe the dinky ever did get
the other mule and the sixty acres, but
we did all we could to make Uncle
Sam's word good."—Success Magazine.

VERY SERIOUS ACCIDENT

Louis Thabes, of West Brainerd, Falls Beneath Horse in Barn and Nearly Trampled to Death

What might have had an ending in death but which most fortunately was known in time to prevent it, was the accident that happened to Louis Thabes, of West Brainerd, father of Dr. J. A. Thabes and L. W. Thabes, of this city.

Yesterday afternoon about 4 o'clock Mr. Thabes went to the barn in his routine work and entered into the stall of one of the horses, when in some way he was knocked down by the horse which instantly began to trample upon him. In his presence of mind that was left he managed to get out of the way of the horse, lying unconscious until found by his wife who had heard the noise in the barn and came out to see what had happened.

Mrs. Thabes found her husband unconscious with severe wounds on his face and body bleeding profusely. His son, Dr. J. A. Thabes was instantly called and attended him. He was unconscious most of the night but is reported as being a little better but not as yet fully recovered to tell how the distressing accident occurred. On examination Dr. Thabes reported his father as being badly lacerated and bruised in all parts of the body, the face in particular, and says that it is a miracle that he was not trampled to death.

SERIOUS ACCIDENT AVERTED

Narrow Escape of People Standing on the Depot Platform From Discharge of Gun

What might have been a most serious accidental shooting affair was most miraculously averted yesterday afternoon as the south bound train was pulling out. Two rather young hunters, whose names could not be learned, hurrying to the baggage car to deposit their loosely packed equipment with several guns among it, did not know that a rifle was loaded until the baggage car man asked them to try it out before he took it into the car. As usual "He didn't know it was loaded," and the rifle being handled recklessly went off between three men who were bidding good bye to friends on the moving train.

The missionary tea in connection with the missionary society of the Methodist church at the residence of Mrs. O. Skauge, 523 North Broadway, entertained 80 guests at that function.

Mrs. W. B. Patterson, of Staples, and Miss Mabel Parr, of Iowa, left yesterday afternoon for their respective homes after having spent a few days with the J. H. Noble family.

"The Candy Bunch," a group of young ladies of the Methodist Sunday school will give a social evening at the residence of Mr. and Mrs. Fred Slipp, 510 North 4th street, on Monday evening.

T. E. Lavell, of Minneapolis, traveling inspector of the Northwestern Telephone Co., went to Staples today. He has been looking over the company's interest at this place and reports things in a satisfactory condition.

E. A. McKay will leave Brainerd tonight for Albuquerque, N. M., where he has accepted a position with the A. T. & St. F. Ry. Mr. McKay is afflicted with lung trouble and the high altitude and warm climate of that locality better agrees with him.

Rev. Harry W. Knowles and Dr. E. Catinson came down the M. & I. train from Emily today after hunting in that place for a week. They had on hand the best string of ducks and chickens seen as yet. They complained of running into a company of 200 Indians gathering wild rice in their expedition.

E. W. Backus, of Backus and Brooks Co., was in town last night, being accompanied by several gentlemen from Chicago, who with him had been looking over the prospects of putting in an immense pulp mill in that city. The gentlemen are well pleased with the outlook.

Mrs. Chas. Cunningham, of this city, has been visiting Miss Phena Waite, at Gull lake the past week. On Friday evening, while out after ducks, they succeeded in raising a flock, and Miss Waite, who is an expert shot, brought down a dozen ducks in two shots. The young ladies say they would have gotten more had it not been so late, as it was too dark to aim.

How to Get Strong

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother who is old and very feeble, is deriving so much benefit from Electric Bitters, I that feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Congressman Lindbergh is Taking No Hand in the Legislative Fight in this District

The Little Falls Herald, a rock ribbed democratic publication, is endeavoring to create friction and division in the republican ranks of this legislative district by endeavoring to create the idea that Congressman Lindbergh favors certain of the candidates who are before the people seeking the nomination of representative when the fact is that nothing is further from Mr. Lindbergh's mind. His interests are not mixed up in the legislative fight in the least and he is taking no hand in dictating who the people should support. The Herald, the only interest of which is to create discord, is involved in a losing fight in Morrison county and its editor in order to distract attention from the real issues, is publishing misrepresentations regarding legislative matters intended to draw the line as to whom the congressman desires his friends to vote for. To prove that Congressman Lindbergh is entirely neutral on the legislative matter, and that his position was taken before these insinuations were published, the following letter, addressed to one of the candidates for representative, is published:

September 1st, 1908.

MY DEAR SIR:—

Some of my friends have asked me if you are for or against me and as to who is my choice of the several candidates.

I do not care to have my choice or any candidate's feelings regarding me to influence the people in voting. While as a voter I shall vote my choice I have felt that in all cases when no principles vital to the people's interests are at stake I should not be partisan when the office I hold might prejudice any person or party. I shall follow in all cases the rule I stated two years ago: The people first. The party second and the individual third, with full respect to all parties and all persons.

I will be at my office at 3 o'clock P. M. Saturday, September 5th, and should you happen in town or find it convenient to call I will be glad to have a visit with you and any citizen that may come. I have written a similar letter to all parties who have been mentioned to me in the way referred.

Yours sincerely,

C. A. LINDBERGH.

This will relieve the minds of any who have been informed that it is in the interest of Congressman Lindbergh for them to support certain candidates, as he is absolutely keeping his hands off. The fact that the origin of these statements come from democratic sources is enough to brand them as false, and the republicans should repudiate any attempt to stampede the vote for any particular candidate on these grounds. Congressman Lindbergh's interests are not in danger, as the democratic organ is so much afraid of, and the fact that he invited all the candidates and their friends to meet him at a certain date mentioned in his letter and that the meeting was held and well attended shows that he understands and appreciates the fact that there is no factional differences as far as he is concerned, that he knows that there is no "deal" that the democratic paper speaks of, and lastly that he "does not care to have his choice or any candidate's feelings regarding him influence the people in voting." Nothing could be more fair.

There is nothing that gives one the support, the assurance and independence of position as a bank account with the Security State Bank.

BRUTAL ASSAULT
ON AGED LADY
Mrs. Lena Schuppe, 86 Years of
Age, the Victim of a Most
Vicious Assault
BY A TRAMP BEGGAR
Who Seized Her and Dragged
Her from Her Home and
Tried to Choke Her

On Wednesday evening at about 8 o'clock, at her home 320 Fourth St. south, Mrs. Lena Schuppe, aged 86 years, who has been living alone for the past twenty years in that rather lonely portion of the city, was most brutally assaulted by some tramp villain, and only for the appearance of Adam Belmont, whose residence is about 50 yards from that of the aged victim, there is no telling what might have happened to her.

From what Mrs. Schuppe told the DISPATCH reporter, it appears that about 8 o'clock on Wednesday evening, the night itself, it will be remembered, notwithstanding the moonlight, at that hour was somewhat darker owing to the clouds, she went to the door of her home to answer a call. She found a medium sized man there who wished something to eat and drink. Mrs. Schuppe informed him that she was out of bread but could give him a few cookies and a drink of water and let him outside the house while she went to get it. He took the cookies and the tin cup of water. He drank some of water and in returning the cup seized her by the wrists and pulled her out of the house and put his arm around her throat to choke her. She screamed and he threw her to the ground and tried to stifle her cries, then suddenly ran through the bushes into the ravine near by. The old lady is of the opinion that the appearance of Mr. Belmont who happened to be returning from town just at that moment, was the cause of his leaving, although Mr. Belmont said that he did not hear her screams. As the result of the affair Mrs. Schuppe has had to take to her bed, and her wrists are still black and blue where the villain gripped her. She is staying with her nephew at present, but most of the people in that neighborhood are of the opinion that she should have some one always with her on account of her age and infirmities.

Five Strong Reasons
Why painting in the fall is best

1. In the fall, the surface is thoroughly dry. During the spring a surface which needs repainting is sure to contain moisture and dampness or frost, and it cannot be successfully painted until it has thoroughly dried out.
2. When the wood is dry, it absorbs more of the paint; the paint penetrates deeper into the wood, therefore gets a firmer hold on it, giving the paint coating greater tenacity for holding qualities.
3. Paint cannot be as successfully applied in damp, cloudy or unsettled weather as in warm, sunny weather. In the fall the weather is more settled and uniform and is warmer, therefore it is an excellent time for painting.
4. A house needs its protective coat of paint more in the winter months than at any other time. A house in need of painting should never be allowed to go over the winter without this protection.
5. It is easier to keep the winter's moisture and dampness out by applying a coat of paint in the fall, when the surface is dry, than it is to get moisture or dampness out of the wood if you want to apply a coat of paint in the spring.

ANOTHER DROPPED DEAD
H. C. Hargrove, of Tampa, Florida,
Passes Away While Dictating to
His Wife

Another sudden death happened yesterday at Richard's ranch 4 miles south of Brainerd, when H. C. Hargrove, a broker who had recently purchased a farm out there and on which place he has been residing during the past six weeks, fell forward and died almost instantly.

It appears that Mr. Hargrove and wife with three children had come up from Tampa, Florida, in search of health in this northern climate, and was thought to be improving. Last evening, however, while dictating to his wife some business correspondence he suddenly fell forward and expired.

The body was shipped this afternoon to his former home by the Clark undertaking establishment, the remains being accompanied by his bereaved wife and family.

A Pleasant Reception
Mr. and Mrs. Elmer Forsberg gave a very pleasant reception at their home, 517 4th Ave. N. E., last evening in honor of their wedding which occurred June 24th, the latter being a very quiet affair owing to a death in Mr. Forsberg's family at that time. Some 35 guests were present to enjoy the hospitality of the newly wedded pair.

Their pleasant home was tastefully decorated for the occasion with flowers, sweet peas and pansies being used with pleasing effect. The parlor decorations were in yellow and green and the dining room in pink and green.

The evening was spent with music and cards, 500 being the game played. Mr. Hugo Kaatz and Mr. Forsberg pleased the guests with violin and mandolin and songs were sung to the delight of all present. Delicious refreshments were served and all present spent a most delightful evening.

Two Sneak Thieves are at Work
in Broad Day Light--Rob the
Store of Andy Veon
MAKE GOOD THEIR ESCAPE
And Take With Them Mr. Veon's
Prize Gun--Have Not Yet
Been Apprehended

One of the most clever robberies happening in Brainerd for a long time was that which took place on Wednesday noon at the store and workshop of Andrew E. Veon, 622 Laurel street.

Mr. Veon informed the DISPATCH reporter that at about one o'clock on the date in question two well dressed young men came in under the pretence of seeking information with reference to patenting something in connection with rifles. As usual Mr. Veon entered into conversation with them looking over well worn written drawings and specifications which they had with them and which were pretty well thumb worn, and in trying to show them the difference between an invention and what was not, got his own gun, a splendid 32 special Winchester and explained it in a practical way. The conversation lasted for perhaps half an hour. Mr. Veon, in the meantime, went to his watch bench resuming his work at the same time. Suddenly one of them looked at his watch and called the attention of his pal to the effect that it was nearly 2 o'clock and they had better be going. They went, and in a little time Mr. Veon discovered that they had spirited away his gun with them.

He says that both men were well dressed, one being stout and short in build with a dark complexion; the other being rather slight and a decided blonde with fresh color in his face.

The gun stolen from Mr. Veon is a Winchester, with three marble sights and written on the side plate is the name, "Ike Schuppe."

BACKUS BELLE IN TROUBLE

The Minneapolis Journal yesterday contained the following concerning the trials of a Cass county girl in that city: "Plans made by Mrs. Belle Dobbins, of Backus, Minn., to marry a rich Oklahoma farmer have been rudely shattered because of Mrs. Dobbins' inability to find the hotel in which she left her trunks and valuables.

"Mrs. Dobbins registered in a Washington avenue hotel two days ago, but failed to learn the name of the hotel or its location. Yesterday afternoon she went out for a walk and was unable to find her way back. She searched for several hours but finally was forced to go to the police for assistance.

"She told Capt. Sinclair at headquarters of her plans to marry the farmer of Oklahoma and pleaded with him to find her trunks so she could be on her way. She doesn't want to disappoint the man of her choice.

"Pending the discovery of the hotel, Mrs. Dobbins is a guest of Matron Schaefer at the Central station."

A UNIQUE RECORD
Not Another Like it in Our Broad Republic

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

R. D. Ranson, engineer, of 201 11th St. N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years ago was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn's drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results."

Vote for Alfred L. Thwing

For Judge of the Fifteenth District.

A letter of which the following is a copy was sent since the date thereof, by Mr. Holland, to some of his friends in the district.

Brainerd, Minn., Sept 5th, 1908.

DEAR SIR:

One district court judge in the Fifteenth judicial district of the State of Minnesota will be elected at the November 1908 election. The political parties will make nominations prior thereto. The counties of Aitkin, Beltrami, Cass, Clearwater, Crow Wing, Hubbard, Itasca and Koochiching comprise the 15th judicial district.

If either of us is in court voluntarily, or otherwise, we expect the judge is honest, unbiased and will see that we get a square deal.

Alfred L. Thwing, of Grand Rapids, Itasca county, Minnesota, is a candidate for the Republican nomination as one of the judges of said Fifteenth judicial district. Mr. Thwing is a graduate of the law department of the State University at Minneapolis. He is a young man, a good lawyer, honest and well qualified to act as judge.

You remember I was judge of this district twelve years, beginning in January, 1889. I can assure you that Mr. Thwing is a good man for the position. If you vote for him and help him get the republican nomination for judge of this Fifteenth judicial district, you will never regret it, but be prouder of it as you become better acquainted with him.

If Mr. Thwing receives the republican nomination for judge, he or the independent candidate will be elected.

Whoever draws the lucky number, the rights of the people will be protected.

Very respectfully yours,

E. J. Holland

COOLNESS IN BATTLE.

Bismarck's Test of Von Moltke at Koniggratz.

Then he came to speak of the battle of Koniggratz and especially of that "anxious moment" in it before the arrival of the crown prince in the rear of the Austrians, when some Prussian attacks had failed and there were signs of disorder among the repulsed troops.

"It was an anxious moment," said Bismarck, "a moment on the decision of which the fate of the empire depended. I confess I felt not a little nervous. I looked at Moltke, who sat quietly on his horse and did not seem to be disturbed by what was going on around us. I thought I would test whether he was really as calm as he appeared. I rode up to him and asked him whether I might offer him a cigar. Since I noticed he was not smoking he replied that he would be glad if I had one to spare. I presented to him my open case, in which there were only two cigars, one a very good Havana and the other of rather poor quality. Moltke looked at them and even handled them with great attention in order to ascertain their relative value and then with slow deliberation chose the Havana. 'Very good,' he said composedly. This reassured me very much. I thought if Moltke can bestow so much time and attention upon the choice between two cigars things cannot be very bad. Indeed, a few minutes later we heard the crown prince's guns, we observed unsteady and confused movements on the Austrian positions, and the battle was won."—Carl Schurz in McClure's.

WEEKLY REVIEW OF TRADE

Moderate Expansion in Jobbing and Retail Trade and Collections.

New York, Sept. 12.—Bradstreet's review of trade says the advance of the fall season and the notable enlargement of the movement of cereals and cotton to market at good prices have made for a further moderate expansion in jobbing and retail trade and collections. This is especially marked at Western, Pacific coast and Southern centers, but the point is made that agricultural sections have done better relatively than large industrial cities in the matter of retail trade, possibly because of warm weather or the reduced purchasing power of city workers and the high prices paid for farm products. Industries, too, have shown some improvement, notable in this respect being coal and lumber interests. There is an increase also reported in blast furnace capacity and there is more doing at the paper mills. In the textile trades little change is noted, and while the fall demand for dry goods, millinery and kindred lines has improved, the consensus of reports is that buying is frequent rather than heavy, and conservatism rules purchasing.

BRYAN GREETED BY BIG CROWDS

Candidate Travels Through Ohio and West Virginia.

GUEST OF THE LATTER STATE

Makes a Plea for Democratic Support in an Address to a Large Audience at Wheeling—Hurled Shafts of Ridicule at Judge Taft in His Speeches in Ohio.

Wheeling, W. Va., Sept. 12.—William J. Bryan, the Democratic candidate for president, is West Virginia's guest. A royal welcome was accorded him as his private car "Olivette," containing himself and party and a big reception committee, crossed the Ohio river and entered this city. The river front was a mass of humanity and as Democracy's leader stepped foot on West Virginia soil, he was cheered to the echo. His car was stopped directly in front of the hotel, but so great was the crowd that even the combined efforts of the police could not prevent him from being forced to struggle his way through.

Speaking to a multitude of persons on the very shore of the river itself, and with the state of Ohio directly opposite, Mr. Bryan pointed out the differences in the two platforms, and made a plea for Democratic support. He made frequent references to Mr. Taft and told his audience that the Republican candidate was conducting his campaign on a platform so obnoxious to him that he was forced to continually patch it up with amendments of his own. Much stress was laid on the labor and anti-injunction planks of the Democratic platform, his remarks on this subject being applauded by many unemployed workmen from the Ohio steel plants in this vicinity.

The visit to Wheeling was the climax of an eventful day in Ohio, the native state of Mr. Taft. From the time the Democratic candidate left Columbus, early in the morning, until he crossed the Ohio river into West Virginia, the crowds which gathered along the line of travel made insistent demands for his appearance and to "talk to us a little."

At Steubenville a large crowd gathered and from a railroad truck beside the track, while his car was being shifted to another train, Mr. Bryan addressed them. As he had done at other points in the state, he hurled shafts of ridicule at Mr. Taft, whose speeches, he declared, had darkened rather than illuminate the subjects which compose the Republican platform.

GRAND MARIAS NOW ON FIRE

Minnesota Town Is Threatened With Destruction.

LITTLE HOPE OF SAVING IT

City Has No System of Water Works and Is Almost Without Fire Protection—Rain Alone Will Save Other Settlements That Are in Peril of the Flames.

+++++
Duluth, Sept. 12.—The town of Grand Marais now is on fire. Latest reports say the fire has overwhelmed the fighters and the outskirts of the town are on fire. The town appears to be doomed and it is feared that soon the 1,500 people will be homeless.

+++++
Duluth, Sept. 12.—Unless a heavy rain falls within the next forty-eight hours there is no power on earth to prevent the total destruction of every town on the north shore of Lake Superior in Cook county. This fact is admitted by everyone who has become familiar with existing conditions.

No rain has fallen in this district since July 10 and everything in the woods is as dry as parchment. All of the many valuable tracts of white and Norway pine in this district have already been or are being rapidly devastated by the flames and great walls of fire with a heavy land wind behind them are slowly eating their way into the settlements.

Wild-eyed and shaking with fear, the inhabitants are gathered along the shore hoping against hope that the wind will change, praying for rain, but prepared to take to the lake in small craft should the worst come. Within less than two miles of Grand Marais there is at present in flames a tract of spruce and brush over three miles in length. A strong land breeze from the northwest is shooting the fire along the outskirts of the town, giving the village a lease of life. Any change in the wind will mean prompt destruction to the place, but unless a drenching rain comes soon the flames will reach the town no matter in which direction the wind is. Grand Marais has no system of water works and the town is without any fire protection with the exception of two dinky chemical engines, which throw a stream about the size of the ordinary garden hose.

May Be Wiped Off the Map.
Conditions at the Pigeon River Indian reservation, Big Bay, Chicago Bay, Cascade, Cofton and Lutsen are similar to those existing at Grand Marais, only worse. All of them stand a strong chance of being literally wiped off the map.

The sending of the United States ship Gopher with a crew of eighty-one men to this unfortunate section was responsible for the saving of at least ten lives and probably more. The cheer which the presence of the cruiser brought to the residents can better be imagined than described. The boat reached Grand Marais Wednesday morning and Adjutant General Wood of St. Paul, who is in charge of the cruiser, accompanied Captain Eaton and went ashore to consult with the citizens and get an idea of conditions. Fire at that time was raging back of the town, but the wind was carrying the smoke and sparks outside the danger line.

Acting on the advice of Sheriff Carhart of Cook county, Adjutant General Wood ordered the Gopher to sail for the Pigeon River Indian reservation, where it was said conditions were very serious. On the way up Adjutant General Wood, Captain Eaton and a reporter went ashore. This little settlement was crowded with women and children who had been driven in from the back woods by the heat, smoke and fire. The men of the village believed that the danger was not very great and they were loath to send anybody aboard the ship. General Wood told the men that they could shift for themselves, but that the Gopher would be back at Chicago Bay in less than two hours and that when it did return he wanted to have every woman and child in the hamlet ready to embark.

Took Charge of Women and Children.

"You men can do what you think best, but we will take charge of the women and children," said General Wood. "This is final and the order must be obeyed."

The wisdom of the general's advice began to dawn on the Chicago Bay men and after a few minutes' reflection they decided to follow his orders. About three miles further up the shore lies a little settlement which is

practically all owned by a man named A. C. Carlson. The place is called Big Bay. It was here that the cruising party witnessed a spectacle which they will never forget as long as they live. Huddled along the shore were several men, one woman and eight little children waiting to go out into the lake in a small rowboat. The fire was close on them and they would not have been able to remain on land longer than an hour at the most.

The Gopher's boats were lowered and the woman, whose name is Mrs. Jacob Peterson, came aboard with her eight children, also a hired man employed by Peterson. Carlson and two other men remained in their little rowboat just off shore, saying that they would stay until they were forced to leave. From Big Bay could be seen great clouds of smoke rolling out over the lake and great sheets of fire burning brightly. General Wood inquired if the residents had got away and he was advised that they had.

The refugees from Big Bay, Chicago Bay and the Pigeon River Indian reservation have been taken to Grand Marais by the Gopher. The outskirts of Grand Marais were on fire Thursday night and several buildings were burned in Chippewa town, an Indian suburb. The steamer America has left to take on board refugees from Beaver Bay, which was reported to be on fire, the citizens having appealed to Governor Johnson for aid. They will be taken to Port Arthur.

Many fires are raging in the interior of Lake county and it is reported that several families have been wiped out but the rumors cannot be confirmed until the refugees from the burned districts arrive at Two Harbors. Thousands of acres of standing timber have been burned and the fires are burning over a wide area unchecked.

DREYFUS CASE NOW A CLOSED INCIDENT Buried Beyond All Possibility of Resurrection.

Paris, Sept. 12.—With the acquittal by a jury in the Assize court of Louis A. Gregori, who fired upon Major Dreyfus during the ceremonies last June incident to the placing of the body of Emile Zola in the Pantheon, the Dreyfus affair, which has divided France into two camps for the past twelve years, may be said to have been buried beyond all possibility of resurrection.

The government, it was evident from the remarks of the advocate general in the summing up, did not want a severe sentence which would make a martyr of M. Gregori, but merely a correctional sentence, which would allow the matter to die out. It was generally anticipated that the

MAJOR DREYFUS.

court would condemn Gregori to six months' imprisonment, and his complete acquittal partook of the nature of an anti-climax. Those present in the courtroom gave vent to their feelings according to their political views and the courtroom resounded with mingled hoots and cheers. The president of the court, however, soon quelled the disturbance by ordering the courtroom cleared. An attempt was made to start a manifestation outside the building, but this also was frustrated by the police.

JUDGE TAFT TO VISIT THE WEST

Speechmaking Tour Will Take In at Least Six States.

DETAILS NOT YET ARRANGED

But National Committee Will Decide Upon Itinerary—Demand From Various Sections to Hear Republican Candidate Is So Great That Chairman Hitchcock Is in a Quandary.

Cincinnati, Sept. 12.—Judge W. H. Taft's first speechmaking trip will be through the West. A. I. Vorys has left here for New York to personally represent the presidential candidate before the national committee in arranging this trip, which will take in at least the states of Missouri, Kansas, Nebraska, Iowa, Illinois and Indiana.

Two other trips are being planned, one through the Eastern states and another through a number of Southern states. These, however, will not be worked out until the Western journey has been arranged.

Judge Taft and National Chairman Hitchcock had an extended conference over the long distance telephone, the result of which was the hurried departure of Mr. Vorys for New York.

"Mr. Vorys, having been with me for some time, knows exactly my ideas concerning this trip," Judge Taft explained, "and it was regarded as more satisfactory that he should go to New York and take up the details of the trip with the committee. He will bring back with him, probably Sunday, the result of the committee's decision."

It was stated that Mr. Vorys took with him no specific recommendations from the candidate. Mr. Taft gave it as his opinion that his Western trip would not extend as far west as the coast, although he was not certain about it. Mr. Vorys will also confer while in New York with John Hays Hammond regarding the work of the National League of Republican clubs, of which Mr. Hammond is president.

GREAT DEMAND FOR TAFT

Chairman Hitchcock Having Trouble Arranging Satisfactory Itinerary.

New York, Sept. 12.—Since the announcement that Mr. Taft would make a number of speaking trips during the campaign, the demand for him has been so great that Chairman Hitchcock of the Republican national committee is having difficulty in arranging a satisfactory itinerary. Practically every state wants him and it is possible that before the campaign closes he may swing around a circuit, speaking in every state where the result is not a foregone conclusion.

It has been planned that Mr. Taft should leave Cincinnati about Oct. 1, but that date has now been advanced about a week, although the day of departure has not been fixed definitely. The first week of his speaking engagements will be given over to the Middle West and after that he may go to the inter-mountain country. The last week of the campaign, according to the present intentions of his campaign managers, will be spent by Mr. Taft in New York and other Eastern states.

The itinerary for the first week of Mr. Taft's trip will be made up in Chicago at a conference to be held there on Monday next between Mr. Hitchcock and Senator Dixon, director of the speakers' bureau for the West.

RACE AT CONEY ISLAND.

High-Power Automobiles in a Twenty-four-Hour Contest.

New York, Sept. 12.—Under the glare of searchlights and watched by 20,000 persons, eleven high-power racing automobiles, driven by the most daring drivers in the world, started on a twenty-four-hour race around the little saucer-shaped track on Coney Island. Every inch of the journey is fraught with peril to the drivers and soon after the start there was one serious accident, Sartori, a French driver, being badly hurt and his mechanician painfully injured.

President Roosevelt gave the signal to start the race by telephone from his home in Oyster Bay and the eleven cars darted away on their dangerous journey. As soon as the race was well under way the searchlights were arranged so that they would illuminate every part of the track.

Fires Burning Themselves Out.

Port Arthur, Ont., Sept. 12.—Bush fires in the neighborhood appear to be burning themselves out. Indications are that if the wind does come up again little more damage will be done. Some fears are entertained for the people on Isle Royale, where big fires are said to be burning.

GRAVES IS NOTIFIED.

Informed of His Nomination for Vice President by Independence Party.

Atlanta, Ga., Sept. 12.—Two thousand persons listened to the formal notification of John Temple Graves as nominee of the Independence party for vice president of the United States at the Casino theater. Presidential Nominee Hisgen, William Randolph Hearst and a score of other prominent men in the party were on the platform, while Mr. Graves was given an ovation.

Cheer after cheer and handclapping gave Mr. Hearst, Mr. Hisgen and Mr. Graves a welcome.

Edward E. Clapp opened the meeting, introducing Clarence J. Shearn of New York.

Shearn in the course of his speech took occasion to criticize Joseph M. Brown, nominee for governor of Georgia, with a resulting fifty seconds of cheering. The mention of Hisgen's name was given a similar reception. When the name of Yancey Carter, Independence league candidate for governor, came into the speech there was more cheering, the climax coming with the mention of Colonel Graves. While the band played "Dixie," the 2,000 persons in and about the hall cheered until Graves stopped them by raising his hand for quiet. Mr. Graves then delivered his speech of acceptance.

William Randolph Hearst was received with cheers. Mr. Hearst started his address by explaining his leaving the Democratic party. He declared if William J. Bryan was sincere, he should not have approached him four months ago with the proposition to support him (W. J. Bryan) in the campaign and he (Bryan) would support him (Hearst) in the next campaign.

When Thomas L. Hisgen was introduced the audience went wild with enthusiasm. The presidential candidate talked about thirty minutes and was frequently interrupted by applause.

MAKES ANOTHER RECORD FLIGHT

Orville Wright Surpasses His Previous Exploits.

Washington, Sept. 12.—In a flight lasting 1 hour, 10 minutes and 26 seconds, Orville Wright surpassed all his previous exploits for a time and distance flight for a heavier-than-air machine. Two flights were made at Fort Myer, the first being of 10 minutes and 50 seconds duration, for the purpose of showing what rate of speed he had been traveling during his long flights of the past three days. The test demonstrated, according to the aviator's calculations, that the speed of the aeroplane during the record-breaking flights of Wednesday and Thursday was 39.55 miles an hour.

Before making the first flight Mr. Wright said:

"I want to make a flight of about ten minutes in order to see how my present speed compares with what I made at Kittyhawk. N. C. I have a time and distance apparatus attached to the aeroplane, but as it registers only ten kilometers without repeating, I have to make a short flight in order to determine the speed at which the machine travels through the air."

The aeroplane made nine rounds of the drill grounds, and then, landing within a few feet of the 1,000 or more spectators, Mr. Wright computed the speed of his record-breaking flights.

As finally computed the speed was announced as 39.55 miles an hour.

To those who have witnessed Mr. Wright's flights from the beginning, the results, marvelous as they are, are now regarded as a matter of course, but the majority of those who witnessed the long flight were aviators to great enthusiasm when the aviator for the third successive day broke his best previous record. Fifty-seven times the machine passed over the starting point during the 70 minutes and 26 seconds that it was up. Twice the aeroplanist described the figure eight, showing for the first time during his Fort Myer flights, that he could control his machine in any direction. A feature of the landing was that he did not stop the motor until the machine touched the ground.

Brutal Murder Revealed.

New York, Sept. 12.—A murder, attended by unusually brutal features, was revealed when the police broke into a padlocked apartment in Forty-fifth street and discovered the bound and gagged body of Mrs. Anna Mauro, a pretty Italian woman, twenty-two years old. There was evidence that the woman had been struck down, bound and gagged and then strangled to death. David Mauro, the youthful husband of the murdered woman, is missing.

Minneapolis, Sept. 12.—Brutally kicked and maimed by the iron-shod hoofs of two horses, Erick Okergren, thought to be a resident of Minneapolis, was killed near Bass lake, on the road from Monticello, where he had been working in a grading crew. He was leading one horse and riding another and fell from his horse and was trampled upon and kicked to death by the animals.

Little Further Danger Exists.

Bay City, Mich., Sept. 12.—Reports from the flame-swept section north of Bay City are to the effect that the fires in the woods and swamps are burning out and that little further danger exists. The wind shifted to the northeast, driving the fire back over ground it had already covered. There has been a slight fall of rain in the fire district.

WON THE VERDICT.

The Jury Did Its Best to Make Good Uncle Sam's Word.

General Tom Edgar, the first white child born on Galveston island (his birthday was in June, 1837), once narrated his experience as a juror in the case of a negro on trial for stealing a mule. It was in 1865, while United States soldiers were still in charge at Galveston. The negro pleaded not guilty, but the testimony was pretty clear against him. His lawyer, ignoring the testimony, based his defense upon the assertion that the negro could not possibly be guilty.

"Is it not a fact," he said, "that the federal government promised to every freed man two mules and sixty acres of land? No man can deny it, because it is a fact. My client has not received his promised sixty acres of land. He has not received his promised span of mules. He has indeed got but one mule, as these witnesses have testified, and the United States still owes him another mule and sixty acres of land. I leave it to you, gentlemen," he said, turning to the jury, "if the facts do not prove conclusively that my client is not guilty of stealing this mule and cannot under the circumstances have been guilty."

"That argument," said General Edgar, "tickled us so that we actually returned a verdict of not guilty. I don't believe the dandy ever did get the other mule and the sixty acres, but we did all we could to make Uncle Sam's word good."—Success Magazine.

VERY SERIOUS ACCIDENT

Louis Thabes, of West Brainerd, Falls Beneath Horse in Barn and Near- ly Trampled to Death

What might have had an ending in death but which most fortunately was known in time to prevent it, was the accident that happened to Louis Thabes, of West Brainerd, father of Dr. J. A. Thabes and L. W. Thabes, of this city.

Yesterday afternoon about 4 o'clock Mr. Thabes went to the barn in his routine work and entered into the stall of one of the horses, when in some way he was knocked down by the horse which instantly began to trample upon him. In his presence of mind that was left he managed to get out of the way of the horse, lying unconscious until found by his wife who had heard the noise in the barn and came out to see what had happened.

Mrs. Thabes found her husband unconscious with severe wounds on his face and body bleeding profusely. His son, Dr. J. A. Thabes was instantly called and attended him. He was unconscious most of the night but is reported as being a little better but not as yet fully recovered to tell how the distressing accident occurred. On examination Dr. Thabes reported his father as being badly lacerated and bruised in all parts of the body, the face in particular, and says that it is a miracle that he was not trampled to death.

SERIOUS ACCIDENT AVERTED

Narrow Escape of People Standing on the Depot Platform From Discharge of Gun

What might have been a most serious accidental shooting affair was most miraculously averted yesterday afternoon as the south bound train was pulling out. Two rather young hunters, whose names could not be learned, hurrying to the baggage car to deposit their loosely packed equipment with several guns among it, did not know that a rifle was loaded until the baggage car man asked them to try it out before he took it into the car. As usual "He didn't know it was loaded," and the rifle being handled recklessly went off between three men who were bidding good bye to friends on the moving train.

E. A. McKay will leave Brainerd tonight for Albuquerque, N. M., where he has accepted a position with the A. T. & St. F. Ry. Mr. McKay is afflicted with lung trouble and the high altitude and warm climate of that locality better agrees with him.

E. W. Backus, of Backus and Brooks Co., was in town last night, being accompanied by several gentlemen from Chicago, who with him had been looking over the prospects of putting in an immense pulp mill in that city. The gentlemen are well pleased with the outlook.

Mrs. Chas. Cunningham, of this city, has been visiting Miss Phena Waite, at Gull lake the past week. On Friday evening, while out after ducks, they succeeded in raising a flock, and Miss Waite, who is an expert shot, brought down a dozen ducks in two shots. The young ladies say they would have gotten more had it not been so late, as it was too dark to aim.

Congressman Lindbergh is Taking No Hand in the Legislative Fight in this District

The Little Falls Herald, a rock ribbed democratic publication, is endeavoring to create friction and division in the republican ranks of this legislative district by endeavoring to create the idea that Congressman Lindbergh favors certain of the candidates who are before the people seeking the nomination of representative when the fact is that nothing is further from Mr. Lindbergh's mind. His interests are not mixed up in the legislative fight in the least and he is taking no hand in dictating who the people should support. The Herald, the only interest of which is to create discord, is involved in a losing fight in Morrison county and its editor in order to distract attention from the real issues, is publishing misrepresentations regarding legislative matters intended to draw the line as to whom the congressman desires his friends to vote for. To prove that Congressman Lindbergh is entirely neutral on the legislative matter, and that his position was taken before these insinuations were published, the following letter, addressed to one of the candidates for representative, is published:

September 1st, 1908.

MY DEAR SIR:—
Some of my friends have asked me if you are for or against me and as to who is my choice of the several candidates.

I do not care to have my choice or any candidate's feelings regarding me to influence the people in voting. While as a voter I shall vote my choice I have felt that in all cases when no principles vital to the people's interests are at stake I should not be partisan when the office I hold might prejudice any person or party. I shall follow in all cases the rule I stated two years ago: The people first. The party second and the individual third, with full respect to all parties and all persons.

I will be at my office at 3 o'clock P. M. Saturday, September 5th, and should you happen in town or find it convenient to call I will be glad to have a visit with you and any citizen that may come. I have written a similar letter to all parties who have been mentioned to me in the way referred.

Yours sincerely,
C. A. LINDBERGH.

This will relieve the minds of any who have been informed that it is in the interest of Congressman Lindbergh for them to support certain candidates, as he is absolutely keeping his hands off. The fact that the origin of these statements come from democratic sources is enough to brand them as false, and the republicans should repudiate any attempt to stampede the vote for any particular candidate on these grounds. Congressman Lindbergh's interests are not in danger, as the democratic organ is so much afraid of, and the fact that he invited all the candidates and their friends to meet him at a certain date mentioned in his letter and that the meeting was held and well attended shows that he understands and appreciates the fact that there is no factional differences as far as he is concerned, that he knows that there is no "deal" that the democratic paper speaks of, and lastly that he "does not care to have his choice or any candidate's feelings regarding him influence the people in voting." Nothing could be more fair.

There is nothing that gives one the support, the assurance and independence of position as a bank account with the Security State Bank.

BRUTAL ASSAULT

ON AGED LADY

Mrs. Lena Schuppe, 86 Years of Age, the Victim of a Most Vicious Assault

BY A TRAMP BEGGAR

Who Seized Her and Dragged Her from Her Home and Tried to Choke Her

On Wednesday evening at about 8 o'clock, at her home 320 Fourth St. south, Mrs. Lena Schuppe, aged 86 years, who has been living alone for the past twenty years in that rather lonely portion of the city, was most brutally assaulted by some tramp villain, and only for the appearance of Adam Belmont, whose residence is about 50 yards from that of the aged victim, there is no telling what might have happened to her.

From what Mrs. Schuppe told the DISPATCH reporter, it appears that about 8 o'clock on Wednesday evening, the night itself, it will be remembered, notwithstanding the moonlight, at that hour was somewhat darker owing to the clouds, she went to the door of her home to answer a call. She found a medium sized man there who wished something to eat and drink. Mrs. Schuppe informed him that she was out of bread but could give him a few cookies and a drink of water and left him outside the house while she went to get it. He took the cookies and the tin cup of water. He drank some of water and in returning the cup seized her by the wrists and pulled her out of the house and put his arm around her throat to choke her. She screamed and he threw her to the ground and tried to stifle her cries, then suddenly ran through the bushes into the ravine near by. The old lady is of the opinion that the appearance of Mr. Belmont who happened to be returning from town just at that moment, was the cause of his leaving, although Mr. Belmont said that he did not hear her screams. As the result of the affair Mrs. Schuppe has had to take to her bed, and her wrists are still black and blue where the villain gripped her. She is staying with her nephew at present, but most of the people in that neighborhood are of the opinion that she should have some one always with her on account of her age and infirmities.

ANOTHER DROPPED DEAD

H. C. Hargrove, of Tampa, Florida, Passes Away While Dictating to His Wife

Another sudden death happened yesterday at Richard's ranch 4 miles south of Brainerd, when H. C. Hargrove, a broker who had recently purchased a farm out there and on which place he has been residing during the past six weeks, fell forward and died almost instantly.

It appears that Mr. Hargrove and wife with three children had come up from Tampa, Florida, in search of health in this northern climate, and was thought to be improving. Last evening, however, while dictating to his wife some business correspondence he suddenly fell forward and expired.

The body was shipped this afternoon to his former home by the Clark undertaking establishment, the remains being accompanied by his bereaved wife and family.

Today the Brainerd Milling Co.'s product, "Roman Flour" is put on the market for the first time and the company is giving away free, with each purchase of flour, a box of chocolates. A Pleasant Reception

Mr. and Mrs. Elmer Forsberg gave a very pleasant reception at their home, 517 4th Ave. N. E., last evening in honor of their wedding which occurred June 24th, the latter being a very quiet affair owing to a death in Mr. Forsberg's family at that time. Some 35 guests were present to enjoy the hospitality of the newly wedded pair.

Their pleasant home was tastily decorated for the occasion with flowers, sweet peas and pansies being used with pleasing effect. The parlor decorations were in yellow and green and the dining room in pink and green.

The evening was spent with music and cards, 500 being the game played. Mr. Hugo Kaatz and Mr. Forsberg pleased the guests with violin and mandolin and songs were sung to the delight of all present. Delicious refreshments were served and all present spent a most delightful evening.

SNEAK THIEVES ARE AT WORK

Two Sneak Thieves are at Work in Broad Day Light--Rob the Store of Andy Veon

MAKE GOOD THEIR ESCAPE

And Take With Them Mr. Veon's Prize Gun--Have Not Yet Been Apprehended

One of the most clever robberies happening in Brainerd for a long time was that which took place on Wednesday noon at the store and workshop of Andrew E. Veon, 622 Laurel street.

Mr. Veon informed the DISPATCH reporter that at about one o'clock on the date in question two well dressed young men came in under the pretence of seeking information with reference to patenting something in connection with rifles. As usual Mr. Veon entered into conversation with them looking over well worn written drawings and specifications which they had with them and which were pretty well thumb worn, and in trying to show them the difference between an invention and what was not, got his own gun, a splendid 32 special Winchester and explained it in a practical way. The conversation lasted for perhaps half an hour. Mr. Veon, in the meantime, went to his watch bench resuming his work at the same time. Suddenly one of them looked at his watch and called the attention of his pal to the effect that it was nearly 2 o'clock and they had better be going. They went, and in a little time Mr. Veon discovered that they had spirited away his gun with them.

He says that both men were well dressed, one being stout and short in build with a dark complexion; the other being rather slight and a decided blonde with fresh color in his face.

The gun stolen from Mr. Veon is a Winchester, with three marble sights and written on the side plate is the name, "Ike Schuppe."

A Paying Investment

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at H. P. Dunn's drug store. 50c, \$1.00. Trial bottle free. tts

BACKUS BELLE IN TROUBLE

Cass County Woman Loses Herself in Minneapolis and Can't Get Married

The Minneapolis Journal yesterday contained the following concerning the trials of a Cass county girl in that city: "Plans made by Mrs. Belle Dobbins, of Backus, Minn., to marry a rich Oklahoma farmer have been rudely shattered because of Mrs. Dobbins' inability to find the hotel in which she left her trunks and valuables.

"Mrs. Dobbins registered in a Washington avenue hotel two days ago, but failed to learn the name of the hotel or its location. Yesterday afternoon she went out for a walk and was unable to find her way back. She searched for several hours but finally was forced to go to the police for assistance.

"She told Capt. Sinclair at headquarters of her plans to marry the farmer of Oklahoma and pleaded with him to find her trunks so she could be on her way. She doesn't want to disappoint the man of her choice.

"Pending the discovery of the hotel, Mrs. Dobbins is a guest of Matron Schaefer at the Central station."

A UNIQUE RECORD

Not Another Like it in Our Broad Republic

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

R. D. Ranson, engineer, of 201 11th St. N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years ago was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn's drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results."

Boards have but little difficulty in securing competent teachers, except in the case of those requiring first grade teachers. In schools of this class teachers were easily engaged early in the season but later many of those engaged were offered better positions in villages and resigned to accept the better places. This has caused boards some inconvenience.

The summer school was an efficient means of preparing teachers for better work and from the excellent character of the work done in the summer schools many young people were enabled to pass the examinations and secure schools.

Some young people have made the mistake of thinking that the eighth grade furnished sufficient education for teaching rural schools. In this they are greatly mistaken because in almost every school there are pupils in the seventh and eighth grades for whom a high school graduate is none too well prepared to teach. I expect a prosperous term's work.

Five Strong Reasons

Why painting in the fall is best

1. In the fall, the surface is thoroughly dry. During the spring a surface which needs repainting is sure to contain moisture and dampness or frost, and it cannot be successfully painted until it has thoroughly dried out.

2. When the wood is dry, it absorbs more of the paint; the paint penetrates deeper into the wood, therefore gets a firmer hold on it, giving the paint coating greater tenacity for holding qualities.

3. Paint cannot be as successfully applied in damp, cloudy or unsettled weather as in warm, sunny weather. In the fall the weather is more settled and uniform and is warmer, therefore it is an excellent time for painting.

4. A house needs its protective coat of paint more in the winter months than at any other time. A house in need of painting should never be allowed to go over the winter without this protection.

5. It is easier to keep the winter's moisture and dampness out by applying a coat of paint in the fall, when the surface is dry, than it is to get moisture or dampness out of the wood if you want to apply a coat of paint in the spring.

Vote for Alfred L. Thwing

For Judge of the Fifteenth District.

A letter of which the following is a copy was sent since the date thereof, by Mr. Holland, to some of his friends in the district.

Brainerd, Minn., Sept 5th, 1908.

DEAR SIR:

One district court judge in the Fifteenth judicial district of the State of Minnesota will be elected at the November 1908 election. The political parties will make nominations prior thereto. The counties of Aitkin, Beltrami, Cass, Clearwater, Crow Wing, Hubbard, Itasca and Koochiching comprise the 15th judicial district.

If either of us is in court voluntarily, or otherwise, we expect the judge is honest, unbiased and will see that we get a square deal.

Alfred L. Thwing, of Grand Rapids, Itasca county, Minnesota, is a candidate for the Republican nomination as one of the judges of said Fifteenth judicial district. Mr. Thwing is a graduate of the law department of the State University at Minneapolis. He is a young man, a good lawyer, honest and well qualified to act as judge.

You remember I was judge of this district twelve years, beginning in January, 1889. I can assure you that Mr. Thwing is a good man for the position. If you vote for him and help him get the republican nomination for judge of this Fifteenth judicial district, you will never regret it, but be prouder of it as you become better acquainted with him.

If Mr. Thwing receives the republican nomination for judge, he or the independent candidate will be elected.

Whoever draws the lucky number, the rights of the people will be protected.

Very respectfully yours,

E. J. Holland

WEEKLY REVIEW OF TRADE

Moderate Expansion in Jobbing and Retail Trade and Collections.

New York, Sept. 12.—Bradstreet's review of trade says the advance of the fall season and the notable enlargement of the movement of cereals and cotton to market at good prices have made for a further moderate expansion in jobbing and retail trade and collections. This is especially marked at Western, Pacific coast and Southern centers, but the point is made that agricultural sections have done better relatively than large industrial cities in the matter of retail trade, possibly because of warm weather or the reduced purchasing power of city workers and the high prices paid for farm products. Industries, too, have shown some improvement, notable in this respect being coal and lumber interests. There is an increase also reported in blast furnace capacity and there is more doing at the paper mills. In the textile trades little change is noted, and while the fall demand for dry goods, millinery and kindred lines has improved, the consensus of reports is that buying is frequent rather than heavy, and conservatism rules purchasing.

COOLNESS IN BATTLE.

Bismarck's Test of Von Moltke at Koniggratz.

Then he came to speak of the battle of Koniggratz and especially of that "anxious moment" in it before the arrival of the crown prince in the rear of the Austrians, when some Prussian attacks had failed and there were signs of disorder among the repulsed troops. "It was an anxious moment," said Bismarck, "a moment on the decision of which the fate of the empire depended. I confess I felt not a little nervous. I looked at Moltke, who sat quietly on his horse and did not seem to be disturbed by what was going on around us. I thought I would test whether he was really as calm as he appeared. I rode up to him and asked him whether I might offer him a cigar. Since I noticed he was not smoking. He replied that he would be glad if I had one to spare. I presented to him my open case, in which there were only two cigars, one a very good Havana and the other of rather poor quality. Moltke looked at them and even handed them with great attention in order to ascertain their relative value and then with slow deliberation chose the Havana. 'Very good,' he said composedly. This reassured me very much. I thought if Moltke can bestow so much time and attention upon the choice between two cigars things cannot be very bad. Indeed, a few minutes later we heard the crown prince's guns, we observed unsteady and confused movements on the Austrian positions, and the battle was won."—Carl Schurz in McClure's.

BRYAN GREETED BY BIG CROWDS

Candidate Travels Through Ohio and West Virginia.

GUEST OF THE LATTER STATE

Makes a Plea for Democratic Support in an Address to a Large Audience at Wheeling—Hurled Shafts of Ridicule at Judge Taft in His Speeches in Ohio.

Wheeling, W. Va., Sept. 12.—William J. Bryan, the Democratic candidate for president, is West Virginia's guest. A royal welcome was accorded him as his private car "Olivette," containing himself and party and a big reception committee, crossed the Ohio river and entered this city. The river front was a mass of humanity and as Democracy's leader stepped foot on West Virginia soil, he was cheered to the echo. His car was stopped directly in front of the hotel, but so great was the crowd that even the combined efforts of the police could not prevent him from being forced to struggle his way through.

Speaking to a multitude of persons on the very shore of the river itself, and with the state of Ohio directly opposite, Mr. Bryan pointed out the differences in the two platforms, and made a plea for Democratic support. He made frequent references to Mr. Taft and told his audience that the Republican candidate was conducting his campaign on a platform so obnoxious to him that he was forced to continually patch it up with amendments of his own. Much stress was laid on the labor and anti-injunction planks of the Democratic platform, his remarks on this subject being applauded by many unemployed workmen from the Ohio steel plants in this vicinity.

The visit to Wheeling was the climax of an eventful day in Ohio, the native state of Mr. Taft. From the time the Democratic candidate left Columbus, early in the morning, until he crossed the Ohio river into West Virginia, the crowds which gathered along the line of travel made insistent demands for his appearance and to "talk to us a little."

At Steubenville a large crowd gathered and from a railroad truck beside the track, while his car was being shifted to another train, Mr. Bryan addressed them. As he had done at other points in the state, he hurled shafts of ridicule at Mr. Taft, whose speeches, he declared, had darkened rather than illumined the subjects which compose the Republican platform.
